Attention: Mr. Dan T. Redman
District Sanitary Engineer

Subject: Disposal of Industrial Waste
Treatment Plant Sludge

Dear Sir:

Reference is made to your letter of July 10, 1969, to our Plant Manager, concerning the disposal of our industrial waste treatment plant sludge.

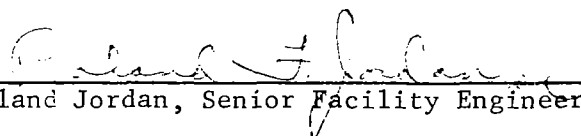

We have been following the problem of sludge disposal and feel that the solution is not easily available in this area. Therefore, I would like to have another discussion with you and invite Mr. Dern, Sandusky County Supervising Sanitarian, to participate in this meeting.

I have scheduled to be on vacation from July 21st to August 3rd. If any questions should arrive during this period, feel free to contact Charles Wammes, Supervisor of Plant Engineering.

Whirlpool wants to be involved in the betterment of the community. Anytime a problems results concerning us directly or indirectly, we will give all the effort possible to solve it.

Very truly yours,

WHIRLPOOL CORPORATION
